AN INTERACTIVE - AI GUIDED - SELF-MASTERY EXPEDITION FOR LEAVING

SCOTOMAVILLE

The desire to understand ourselves, to unravel the mystery of **WIDWID**—Why I Do What I Do—connects us all. It’s a question I have pursued by cycling across America on three inspiring Journeys with a Purpose.

After decades of mishaps and 50,000 miles dragging an Airstream I no longer view **Know Thyself** as a luxury or a full-out competition with AI. With a team of like-minded thinkers (a self-defined minyan) empowered by a super-reasoning engine, I am becoming a thought leader and a sage celebrating the later execution phases of my Personal Everest with the help of a digital Sherpa.

Remember your first journey? I was hopeful yet unprepared, like a Fiat 500 strapped with a useless burden on my back. At first, this image represented my idealistic youthful exploration, a journey both underpowered and naive. Recently, I discovered a double meaning in the word ‘Fiat’ itself. Beyond the name of a car, it refers to a decree, an authoritative commandment. In my journey, these were the self-imposed life commandments from false conclusions I formed of misspoken judgments that had shaped my worldview. It was as if the very mascot of my exploration challenged me to escape the self-tyranny of my thinking. W.H. Murray noted we experience ‘**all manner of unforeseen incidents and meetings and material assistance, which no man could have dreamt would have come his way.**’ The discovery of the Fiat’s symbolic richness was one such unforeseen incident that deepened my journey.

Let Scotomaville guide you on your ‘Personal Everest,’ empowering you to share your wisdom and warning and to muster the courage to champion the rapidly accelerating changes we face. Join me by turning the life you inherited into the outcomes you design.

SCOTOMAVILLE ABSTRACT

■ BACKGROUND - WWDWWD

Most people respond to chaos and stress with coping mechanisms, amygdala hijackings, and reactive behavior. For some of us, curiosity dominates. We want to know **“Why We Do What We Do.”** and are committed to exploring the unknown... to ‘Know Thyself’. The Author cycled across America three times asking this.

The pandemic has challenged us with hardships, losses, setbacks, missed opportunities, and personal drama. ⁽¹⁾ Americans are weary of rapidly accelerating change.

We are flooded with messaging that games our biological and psychological bents ⁽²⁾. Emotions easily overwhelm our reasoning to control our actions. We’re further conflicted by being 100% wrong 50% of the time. ⁽³⁾ ⁽⁴⁾

We’re hoodwinked and bamboozled by tech, media, and popular narratives using trickery, flattery, and omission. ⁽⁵⁾ The adage to ‘Know Thyself’ is no longer a luxury. It’s become a full-out competition with supercomputers pointed at our brains. ⁽⁶⁾

■ METHODS - IMPARTATION

The Scotomaville program deploys the unique IMPARTATION METHODOLOGY, designed to guide participants in self-reflection and personal growth through video modeling. This methodology unfolds in a structured manner:

I Do - You Watch:

Drawing from our extensive experience as pioneers in the media, marketing, and web technology sectors since 1997, we video-journal our personal ‘journey with purpose’. Through these recordings, we share and demonstrate 15 invaluable mental tools, tests, and insights that enable resilience in facing challenges. Participants, armed with just a smartphone, can emulate our perseverance as we navigate adversities such as Traumatic Brain Injury, PTSD, and more.

We Do - We Watch:

The program is more than just watching; it’s engaging. Fifty-three episodes are complemented by a comprehensive 400+ page guide, enriched with opportunities for online discussions. Subscribers benefit from peer support, mentoring, and personalized guidance. Furthermore, the extensive digital reach, spanning over 4500 affiliated websites, allows for participant and sponsor recognition.

You Do - I Watch:

The Scotomaville journey doesn’t end with passive learning. Upcoming offerings include transformative base camp summits, private retreats, and expeditions for leaders. With the program’s licensed platform, certified leaders can guide individuals and groups, encouraging them to tread the transformative path we demonstrate.

■ FINDINGS - SELF-GAMING

By climbing a ‘Personal Everest’ and testing for oneself, the claims of W.H. Murray, and the Authors that Expeditions are filled with **“unforeseen incidents and meetings and material assistance, which no one could have dreamt would have come their way”** ⁽⁹⁾ you can develop clarity, stability, healing, and successes by gaming your biases.

Self-mastery begins with awareness of one’s physical and mental self. When combined with understanding, support, and discipline, incremental character change transforms one’s beliefs, attitudes, and behavior.

SCOTOMAVILLE reveals the intricate interdependence between our gut and brain, demonstrating how sleep patterns and stress levels influence our choices. By emphasizing the perils of tackling challenges solo and showcasing actionable insights and examples, the program empowers individuals to recognize and navigate their inherent cognitive biases.

■ CONCLUSION - PERSONAL EVEREST

A ‘Personal Everest’ is a journey with a purpose. **“But at least learn your inability... and ask the remedy for it. Learn of those who have been bound like you... These are people who know the way which you would follow, and who are cured of an ill of which you would be cured. Follow the way by which they began...”**

Blaise Pascal - Pascals Wager ⁽¹⁰⁾

A Personal Everest is a journey with a purpose. It is a self-defined expedition of personal development, with support and guidance from peers and the Author, and analysis by AI.

SCOTOMAVILLE is an unconventional and effective self-help model and platform with a convincing challenge: We can change our life experiences by gaming our own handicaps, strengthening alliances, challenging our shortcomings and changing our false beliefs by taking on our Personal Everest.

For the tech and AI enthusiasts:

I've replaced affirmations in the mirror with a smartphone. You can watch my journey in 150+ videos and in 42 episodes, a testament to the convergence of wisdom and technology. By editing and binge-watching my own behavior, I saw attitudes and beliefs that were being gamed by others. I also saw evidence for you to test my claims by climbing a 'Personal Everest' of your own. My expedition began in Scotomaville. So will yours.

For the young looking for a path:

When I was 10, the little guidance I could find came to my driveway inside a book-mobile. Hidden inside the pages of a Danny Dunn book were clues that changed the life I was handed into an adventure.

For fathers and mentors: *In my 30's, self-help books and cassettes were like sturdy ladders over cravasses, helping me overcome mental obstacles and guiding me to a future I couldn't imagine alone.*

Today, the question isn't where to find guidance; it's about discerning which guidance is authentic and who has evidence to back up their advice. This volume is my evidence, my legacy, and my gift to you.

"THE GREATEST EXPEDITION
YOU WILL EVER UNDERTAKE
IS THE JOURNEY TO SELF-
UNDERSTANDING, FOR THE REAL
VOYAGE OF DISCOVERY CONSISTS
NOT IN SEEKING NEW LANDS,
BUT IN SEEING WITH NEW EYES."

DANIEL COMP

Climbing Your Personal Everest

I've been a lifelong learner and delight in new insights. I hope we share this commitment.

Join me by gaining literacy, and escaping self-tyranny and frustration through a lack of self-awareness. Cross your desert of self-understanding, and scale your summit with discipline using tools and guidance given to me by others. They helped me manage scarce resources and breathe thin air, safely descending from the summit as a sage.

I CHALLENGE YOU TO CONSIDER FOLLOWING MY FOOT-STEPS ON YOUR OWN 'PERSONAL EVEREST'.

I wish you the courage to climb daily, the wisdom to see abundance above scarcity, and to shed shame and discouragement quickly. I want you to grow stronger and richer in mind, heart, and soul as you see I did. I'm indebted to the great minds that have shaped my thinking and demonstrated the virtue to pass on this mental framework.

Creating Your Minyan

I am blessed with a courageous partner - a wife, friend, and faith-filled business leader with abundantly cheerful courage. Her companionship, feedback, and tolerance made my transformation possible.

I am also indebted to Jim Rohn, Zig Ziggler, Wayne Dyer, Og Mandino, Napoleon Hill, Dale

ST. MARY'S GLACIER, COLORADO. I FELL FROM THE CORNICE INTO THE LAKE IN AUGUST 1979. YES, THOSE DOTS ARE HUMANS.

MINNESOTA TRAILS FEATURE OF MY 2005 SOLO TRANS-AM

Carnegie, and others who wrote a mental framework for my awareness and understanding. They gave me confidence that my journey was possible. I aim to do the same for you with Scotomaville.

Before Volume Three, I climbed solo. I then gained access to AI. The descent phase of an expedition is especially dangerous. It is my recommendation to create an advisory minyan - a digital compass, and a tribe - to engage with while pursuing your Personal Everest. Self-reflection that includes feedback from the wisdom and point of view of sages, leaders, and masterminds can accelerate your acclimation

and critical thinking - getting you out of Scotomaville faster and more gracefully.

Onus Probandi

I remember the warm Colorado summer of 1979. I can still see the sun rising over Saint Mary's Glacier in the Rocky Mountains near Denver. I didn't expect to fall 150 feet that morning.

While ski traversing the cornice, I suddenly lost my balance going from slush to boilerplate ice. I accelerated like a luge rider down the face and into the air beyond the cornice. I ricocheted off a bus-sized boulder. (left side of image) I woke up surrounded by busy people knee-deep in icy glacier

water. Their facial expressions worried me, although I felt nothing other than ice-cold water on my neck and face.

The rescuers cut my ski wear off, inflated a lung, and slid me onto a cot like a chilled side of salmon. They lugged me over rocky terrain far down the mountain to an ambulance.

The siren screamed on my behalf on the way to the ICU in Denver. An attending physician explained that the tingling in my chest and fingers was good news, but the loss of feeling in my legs was bad news. The surgeons put a pin in my left arm. Nurses fed and bathed me. I was

determined not to live the grim future they painted without mobility.

On the third day, reaching up, and through the stain-less railing of my bed, a visiting Nun anointed me with holy oil. *I offered my future service in exchange for liberty and movement. Walking home a week later I concluded my deal had been accepted. I am fully committed, so let the adventures begin!*

A couple of decades later, Angelina's life-changing event had me asking 'why I do what I do'? (WIDWID). In 2005, '06, and '07 I peddled to find myself. Three Trans-America Expeditions. Each of them was a journey with a purpose.

Angelina's Personal Everest

Hello, I'm Angelina, Daniel's best friend, wife, and business partner. Today is Father's Day 2020. As I write, Daniel is making me breakfast and finishing a carbon-fiber mobile work desk that I can use while he drives. We're busily packing for another expedition.

Fifteen years ago, on Father's Day 2005, Daniel embarked on the first of three Trans-America bike rides from Bellingham, WA. He referred to these adventures as "journeys with a purpose." His son David even joined him for a few miles, and I was thrilled that Daniel was embracing this

"Aspire and empower yourself to live smarter, healthier and happier while moving forward and impacting lives."

Angelina Musik-Comp

Since May of 1999, Daniel and I have climbed several mountains—both figuratively and literally—as best friends, business partners, and a husband-and-wife team. Though ten years apart in age and raised in different cultures (I'm of German and Southern Pacific Guamanian heritage, while Daniel is American), we've endured, grown, and appreciated each other through our twenty-plus years together.

Before meeting for the first time, we already shared core attributes that enabled us to persevere. We had the same faith, a military-style sense of duty, and work ethic—I was an Army brat, and Daniel served in the Navy. We even previously served in ministry to help others.

journey of self-discovery and mastery. A year earlier, on Father's Day 2004, our journey took an unexpected turn. While Daniel was on a road trip to see his children in the Pacific Northwest, I stayed in Texas with mine, receiving two awards from the Small Business Administration for our achievements in helping others succeed. Then, a major change occurred.

Two weeks later, I was approached by Mark Burnett Productions to participate in 'The Apprentice' Season 3, 'Book Smarts vs Street Smarts.' Tragically, just five days before some of the behind-the-scenes filming and a day before Daniel returned home, I suffered a traumatic brain injury when a speeding truck hit me from behind while in traffic. The car was crushed!

This incident altered our lives dramatically. To overcome it, we needed to accelerate our journeys of self-awareness while I embarked on my unexpected brain-healing journey. Like many couples faced with medical challenges, we had to understand why we do what we do (WWDW-WD) to heal, evolve, and achieve our goals.

Through times together and apart, we supported each other's journeys. Our resilience, which some originally called stubbornness, and our shared philosophy and attitude to trust the process, has kept us forging ahead as a couple.

Now we're told that our health, happiness, and earned maturity looks magnificent on us.

We always believed it would, eventually, and we're grateful to see that belief realized.

Please express any correlation between my list of **strengths**, and a robust list of human **virtues**. Analyze the union of the two for shared characteristics and a deeper meaning.

Certainly! Let’s look at the intersection between the specific strengths from the Clifton StrengthsFinder that you provided (Achiever, Input, Learner, Activator, Belief) and a traditional list of virtues such as wisdom, courage, humanity, justice, temperance, and transcendence.

ACHIEVER

Virtue Correlation: Courage, Justice

Explanation: Achievers have a constant drive for accomplishing tasks. This can correlate with the virtue of courage, which involves persistence and vitality, and justice, where hard work and fairness contribute to the overall good of the community.

INPUT

Virtue Correlation: Wisdom

Explanation: People with the Input strength have a craving to know more, collecting and archiving information. This resonates with wisdom, which is characterized by a pursuit of knowledge and insightful judgment.

LEARNER

Virtue Correlation: Wisdom, Humanity

Explanation: A constant desire to improve and learn aligns with the virtue of wisdom. It may also

align with humanity if the learning is directed towards understanding others and improving social bonds.

ACTIVATOR

Virtue Correlation: Courage, Justice

Explanation: Activators are inclined to take action and want to make things happen. This aligns with courage, as it requires the boldness to initiate, and justice, where action may be directed towards equality and fairness.

BELIEF

Virtue Correlation: Transcendence, Justice

Explanation: The Belief strength is connected to core values and purpose. It aligns with transcendence, where there is a connection to something greater, and justice, where values often include fairness and equality.

Summary of Union (Intersection):

The union between these strengths and virtues reveals a **strong emphasis on wisdom** (through Input and Learner), **courage** (through Achiever and Activator), and **justice** (through Achiever, Activator, and Belief). The values of humanity and transcendence are also present but to a lesser extent.

This analysis suggests that a person with these strengths might be particularly well-suited for roles that require insightful judgment, bold action, and a strong sense of fairness and values. They may excel in leadership roles, educational fields, advocacy, or any area where wisdom, courage, and justice are paramount.

"Daniel is a conceptual thinker who has the ability to implement his ideas with a spectrum of skills. His work represents a unique combination of abilities executed with reliability and great ingenuity. I recommend him very highly."

Graham Kerr

is known for his "Galloping Gourmet" television series and > 29 books. He's a charismatic facilitator of solutions for human indulgence.

"Daniel is continually creative. He has an excellent eye for light, form and texture and an ear for understanding his client's needs. Daniel is an unusual blend of Artist, Technician, Craftsman and Servant who can easily become a partner in your creative process."

Dean Rush

Dean has had distinguished military and business careers, and is the Author of Flying Free. "Daniel Comp is one of the most innovative people I have ever known. I've watched Daniel overcome great obstacles and stick to a vision of making a difference for people. He is personable and doesn't quit until the job is done. I highly recommend Daniel and his wife, Angelina."

2x Awarded by U.S. Small Business Administration, TV/Radio Host/Speaker, a fabulous business partner, wife and my best friend. "I've witnessed Daniel's evolution from a wounded, angry man into a mentally and emotionally mature gentleman. He leads other men with competence and confidence from his own transformation and experience."

Charlie Duke

"As an Astronaut (Apollo 16 Lunar Module Pilot & 10th man on the Moon). I was very familiar with powerful planes and rockets. I've learned to trust my life and business on great tools and competent people. Daniel and Angelina have put together an amazing system for small business that is technically advanced, yet doesn't take a rocket scientist to run it. I highly recommend their services - I didn't settle for anything less!"

MASTER Forrest

To Angelina Musik-Comp:

I am deeply grateful for your stamina, patience, and support as my best friend and business partner. We have traveled the curves together in good cheer. You are amazingly resilient and a joyful character to explore with. I am grateful for your gift of HEALING matching my expression of UNDERSTANDING!

To you, the reader, and participant:

*When I imagined this project, I had a hunch the cost would be years of commitment - but not **five** years. What you might not imagine is that it took me far less time and angst to create the Wellness by Choice syndication, and the Scotomaville syndication of nearly twenty five thousand websites. And now we have AI.*

*I believe “**The Greatest Expedition you will ever undertake is the journey to self-understanding, for the real voyage of discovery consists not in seeking new lands, but in seeing with new eyes.**”. Fortunately AI still lacks subjective experiences, emotions, and self-reflective awareness - and thus our superpower of story-telling may yet be an error correcting trim-tab for super intelligent reasoning engines.*

Cheers to YOUR Greatest Expedition!

Daniel Comp
